Construction of a sedimentation tank for 4,000 population for Kunigal Drainage Works

Sir,

Adverting to Government Order No L 161-4/41 47-40-128 dated 7th July 1942 sanctioning the first stage drainage estimate of Kunigal Town for Rs 15,540/- I have the honour to state that a provision of Rs 2,260/- is made therein for the construction of a sedimentation tank for 4,000 population

As the design was unnecessarily large it had to be modified to suit the place as per calculation with 5 gallons sewage per head per day and unnecessary items such as sludge chambers etc , were avoided as mentioned in the report accompanying the estimate for Rs 2,070/- The estimate for Rs 2,070/- together with plan and report received from the Sanitary Engineer are enclosed herewith for information

In view of the above material alteration, I request you to be so good as to obtain and convey sanction of Government to the estimate

I have the honour to be,

Sir,

Your most obedient servant,

DIRECTOR OF PUBLIC HEALTH
